

AMENDMENTS TO THE CLAIMS

The listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Currently Amended) A dietary supplement comprising the mixture products of:

noni fruit added in an amount in a range of about 5 percent to about 25 percent by weight of the dietary supplement;

~~unrefined~~ Luo Han Guo powder added in an amount in a range from about 0.001 0.1 percent to about ~~[[3]]~~ 2 percent by weight of the dietary supplement to mask flavor and/or scent of the noni fruit;

refined Luo Han Guo liquid extract concentrate added in an amount in a range of about 0.1 percent to about 1 percent by weight of the dietary supplement so as to sweeten the dietary supplement;

at least one of a raspberry product or a blueberry product added in an amount of at least about 1 percent by weight of the dietary supplement; and
water.

2. (Cancelled)

3. (Currently Amended) The dietary supplement of claim 1, further comprising:
raspberry product that is added to the dietary supplement as fruit concentrate in a concentration from about 1 percent to about 3 percent by weight of the dietary supplement; and

blueberry product that is added to the dietary supplement as fruit concentrate in a concentration from about 1 percent to about 3 percent by weight of the dietary supplement.

4. **(Original)** The dietary supplement of claim 1, wherein the noni fruit is added as a puree concentrate that comprises from about 8 percent to about 13 percent by weight of the dietary supplement.

5. **(Cancelled)**

6. **(Cancelled)**

7. **(Cancelled)**

8. **(Currently Amended)** The dietary supplement of claim 1, wherein the ~~Luo Han Guo~~ comprises: ~~unrefined Luo Han Guo powder was product that has been~~ extracted only once from ~~a Luo Han Guo fruit source about 0.1 percent to about 2 percent by weight percent of the dietary supplement;~~ and ~~refined wherein the Luo Han Guo liquid extract concentrate was product that has been~~ extracted more than once from ~~a Luo Han Guo fruit source about 0.1 percent to about 1 percent by weight percent of the dietary supplement.~~

9. **(Original)** The dietary supplement of claim 1, further comprising a fruit concentrate having an ORAC value greater than about 250 ORAC units per 30 ml of product.

10. **(Original)** The dietary supplement of claim 9, wherein the fruit concentrate comprises one or more fruits selected from the group consisting of raspberries, blueberries, grapes, blackberries, strawberries, plums, oranges, cherries, and kiwi fruits, currants, elderberries, black currants, and cranberries.

11. **(Original)** The dietary supplement of claim 1, further comprising at least one sweetener composition selected from the group consisting of lemon juice flavoring, stevia, agave nectar, sucralose, and corn syrup.

12. (Original) The dietary supplement of claim 1, wherein the composition of matter dietary supplement has a pH from about 3 to about 4.

13. (Currently Amended) A dietary supplement comprising the mixture products of:

noni fruit added in an amount of ~~pure concentrate comprising~~ at least about 5 percent by weight of the dietary supplement;

Luo Han Guo in an effective amount to mask flavor and/or scent of the noni fruit, the Luo Han Guo including:

liquid Luo Han Guo fruit concentrate ~~comprising~~ added in an amount of at least about 0.1 percent by weight percent of the dietary supplement; and

powder Luo Han Guo ~~comprising~~ added in an amount of at least about 0.1 percent by weight percent of the dietary supplement;

at least one of raspberry fruit concentrate or blueberry fruit concentrate added in an amount of at least about 1 percent by weight of the dietary supplement; and water.

14. (Currently Amended) The dietary supplement of claim 13, wherein:

the noni ~~pure concentrate~~ fruit is added in an amount of ~~comprises~~ from about 5 percent to about 25 percent by weight of the dietary supplement;

the liquid Luo Han Guo fruit concentrate is added in an amount of ~~comprises~~ from about 0.1 percent to about 1 percent by weight percent of the dietary supplement; and

the powder Luo Han Guo fruit concentrate is added in an amount of ~~comprises~~ from about 0.1 percent to about 2 percent by weight percent of the dietary supplement.

15. (Currently Amended) The dietary supplement of claim 14, wherein the noni ~~pure concentrate~~ fruit is added in an amount of ~~comprises~~ from about 8 percent to about 13 percent by weight of the dietary supplement.

16. **(Currently Amended)** The dietary supplement of claim 13, wherein the dietary supplement includes further comprising:

raspberry fruit concentrate added in an amount from about 1 percent to about 3 percent by weight of the dietary supplement; and

blueberry fruit concentrate added in an amount from about 1 percent to about 3 percent by weight of the dietary supplement.

17. **(Currently Amended)** The dietary supplement of claim 13, further comprising one or more fruits selected from the group consisting of raspberries, blueberries, grapes, blackberries, strawberries, plums, oranges, cherries, and kiwi fruits, currants, elderberries, black currants, and cranberries.

18. **(Currently Amended)** A dietary supplement comprising the mixture products of:

noni fruit added in an amount ~~puree concentrate comprising~~ from about 5 percent to about 20 percent by weight of the dietary supplement;

Luo Han Guo in an effective amount to mask flavor and/or scent of the noni fruit, the Luo Han Guo including:

liquid Luo Han Guo fruit concentrate added in an amount ~~comprising~~ from about 0.1 percent to about 1 percent by weight percent of the dietary supplement, wherein the liquid Luo Han Guo fruit concentrate sweetens the dietary supplement;

powder Luo Han Guo added in an amount ~~comprising~~ from about 0.1 percent to about 2 percent by weight percent of the dietary supplement, wherein the powder Luo Han Guo masks the flavors and odors of the noni; and

raspberry fruit concentrate added in an amount from about 1 percent to about 3 percent by weight of the dietary supplement;

blueberry fruit concentrate added in an amount from about 1 percent to about 3 percent by weight of the dietary supplement; and
water.

19. **(Currently Amended)** The dietary supplement of claim 18, wherein the noni ~~puree concentrate comprises~~ fruit is added in an amount from about 8 percent to about 13 percent by weight of the dietary supplement.

20. **(Currently Amended)** A method for improving the taste and odor of noni based dietary supplements, comprising:

providing a noni fruit product and water; and

mixing with the noni fruit product and water Luo Han Guo in an effective amount to mask flavor and/or scent of the noni fruit product, the Luo Han Guo including:

~~unrefined powdered Luo Han Guo extract in a range from about 0.001 percent to about 3 percent by weight of the dietary supplement; and~~

~~refined liquid Luo Han Guo extract;~~

whereby the ~~unrefined powdered Luo Han Guo extract~~ provides a masking effect to cover the unpleasant tastes and/or odors of the noni fruit product and the ~~refined liquid Luo Han Guo extract~~ acts as a sweetener for the dietary supplement;

wherein the noni fruit product is added in an amount in a range of about 5 percent to about 25 percent by weight of the dietary supplement;

wherein the Luo Han Guo is added in an amount in a range of about 0.1 percent to about 3 percent by weight of the dietary supplement.

21. **(Currently Amended)** The dietary supplement of claim 20, wherein:

the liquid Luo Han Guo extract is added in an amount ~~fruit concentrate comprises~~ from about 0.1 percent to about 1 percent by weight percent of the dietary supplement; and

the powdered Luo Han Guo extract is added in an amount ~~fruit concentrate comprises~~ from about 0.1 percent to about 2 percent by weight percent of the dietary supplement.

22. **(Currently Amended)** The dietary supplement of claim 20, further comprising:
adding blueberry fruit concentrate ~~comprising to the dietary supplement in an amount~~ from about 1 percent to about 3 percent by weight percent of the dietary supplement; and

adding raspberry fruit concentrate ~~comprising to the dietary supplement in an amount~~ from about 1 percent to about 3 percent by weight percent of the dietary supplement.

23. **(Currently Amended)** A method for improving the taste and odor of a noni-based dietary supplement while simultaneously prolonging the shelf life thereof, comprising:

providing a noni-based fruit product added in an amount of about 5 percent to about 25 percent by weight of the dietary supplement;

mixing with the noni-based fruit product Luo Han Guo composed of:

refined liquid Luo Han Guo extract in an effective amount to sweeten the supplement;

unrefined powdered Luo Han Guo extract in an effective amount to mask flavor and/or scent of the noni fruit,

wherein the Luo Han Guo is added in an effective amount is in a range from about ~~0.001~~ 0.1 percent to about 3 percent by weight of the dietary supplement;

raspberry fruit concentrate added in an amount of at least about 1 percent of the dietary supplement; and

blueberry fruit concentrate added in an amount of at least about 1 percent of the dietary supplement.

24. **(Cancelled)**

25. **(Cancelled)**

26. **(Currently Amended)** A method as recited in claim 20, wherein the ~~effective amount of unrefined powdered extract of Luo Han Guo~~ extract is added in an amount of from about 0.1 ~~comprises from about 0.01~~ percent to about 2 percent by weight of the dietary supplement.

27. **(Currently Amended)** A method as recited in claim 20, wherein the ~~effective amount of unrefined powdered extract of liquid Luo Han Guo~~ extract is added in an amount of from about 0.1 ~~comprises from about 0.05~~ percent to about 1 percent by weight of the dietary supplement.

28. **(Currently Amended)** A method as recited in claim 23, wherein the ~~effective amount of unrefined powdered extract of Luo Han Guo~~ extract is added in an amount of from about 0.1 ~~comprises from about 0.01~~ percent to about 2 percent by weight of the dietary supplement.

29. **(Currently Amended)** A method as recited in claim 23, wherein the ~~effective amount of unrefined powdered extract of liquid Luo Han Guo~~ extract is added in an amount of from about 0.1 ~~comprises from about 0.05~~ percent to about 1 percent by weight of the dietary supplement.
